# Inclusive Volunteering: Empowering Women in Boccia and Disability Sports"

**Planned objectives of the project:**

- **Increase Inclusion of Women in Disability Sports – Promote and support the active participation of female volunteers and leaders in Boccia, breaking down gender and organizational barriers.**
- **Raise Awareness About Disability Sports – Educate communities and schools to challenge stereotypes and promote the importance of inclusive sports for people with disabilities.**
- **Enhance Volunteerism in Boccia – Develop policies and initiatives that encourage and support volunteers in disability sports, creating leadership opportunities for women.**

Co-funded by the European Union

# Inclusive Volunteering: Empowering Women in Boccia and Disability Sports"

## Achieved results of the project:

- More women actively engaged as volunteers, referees, and organizers in Boccia for people with disabilities.
- Greater public understanding of disability sports through school activities and awareness campaigns, reducing stigma and stereotypes
- Successful implementation of inclusive sports events where individuals with and without disabilities played together, fostering social integration.

# Inclusive Volunteering: Empowering Women in Boccia and Disability Sports"

## Output(s) of the project:

*The project will result in increased female participation in Boccia through training programs, awareness campaigns, and structured volunteer engagement. Guidelines will be developed to support inclusion in disability sports, while school outreach activities helped challenge stereotypes and promote volunteerism.*
