

# Bridging Gender Equality & Digital Safety Through Sports

## Planned objectives of the project:

### • **Promote Equality:**

- Use inclusive sports as a tool to break gender stereotypes
- Foster leadership and collaboration skills in mixed-gender teams

### • **Build Resilience and Safety Awareness:**

- Teach children how to protect themselves and others in digital spaces
- Link the concepts of fairness and respect in sports to ethical online behavior

### • **Empower Advocacy for Rights:**

- Equip children with knowledge of their rights (safety, equality, and participation)
- Encourage them to be advocates for equality and online safety within their peer groups

# Bridging Gender Equality & Digital Safety Through Sports

## Achieved results of the project:

- *Workshops on Digital and Personal Safety:*

*Use sports examples (e.g., refereeing) to explain rules and boundaries online, such as consent, privacy, and fair play*

*Teach children how to "call out fouls" in digital interactions, like cyberbullying or online grooming*

- *Code of Conduct for All Spaces:*

*Develop a "Fair Play Charter" with children, blending sportsmanship values with online safety rules*

*Include commitments like: "We treat everyone equally on and off the field" and "We report harmful behavior."*

- *Teamwork and Advocacy Campaigns:*

*Kids design campaigns promoting gender equality and online safety together (e.g., social media challenges or posters)*

*Link sports events with advocacy, such as wearing colors or slogans representing equality and safety*
